

**BURSA ANNOUNCEMENT
FOR IMMEDIATE RELEASE**

**CYPARK RESOURCES BERHAD ANNOUNCES COMMERCIAL OPERATION DATE
(COD) FOR 100MW LSS3 HYBRID SOLAR ENERGY PLANT IN MERCHANG,
TERENGGANU, MALAYSIA**

Kuala Lumpur, 10 June 2024 – Cypark Resources Berhad (“Cypark” or “the Group”) is proud to announce that its 100MW LSS3 Hybrid Solar Energy Plant in Merchang, Terengganu, has successfully reached its Commercial Operation Date (“COD”) on 9 June 2024. This milestone marks a significant achievement in supporting Malaysia’s ambition for a 70% renewable energy mix by 2050.

The Merchang Hybrid Solar Energy Plant is an innovative project comprising 35MW of floating solar and 65MW of ground-mounted solar, making it one of the largest hybrid solar installations in the region. This facility is now fully operational, contributing renewable energy to the Malaysian grid.

The achievement of COD for the Merchang Hybrid Solar Energy Plant is a testament to Cypark’s commitment to become a significant contributor to Malaysia’s Net Zero Ambitions. This milestone would not have been possible without the diligent efforts of Cypark’s 100% Malaysian team, the strategic vision of the Board, and the unwavering support of Tenaga Nasional Berhad, Single Buyer, and the Energy Commission.
