

FOR IMMEDIATE RELEASE

Cypark Resources Berhad Included in FTSE4Good Bursa Malaysia Index

Kuala Lumpur, 13 December 2024: Cypark Resources Berhad (Cypark) is proud to announce its inclusion in the **FTSE4Good Bursa Malaysia Index (F4GBM)** and the **FTSE4Good Bursa Malaysia Shariah Index (F4GBMS)**, prestigious indices recognising public-listed companies with exemplary Environmental, Social, and Governance (ESG) practices. Cypark joins an elite group of 147 companies in the F4GBM Index and 115 companies in the F4GBMS Index, representing the top 15% of progressive and forward-thinking companies listed on Bursa Malaysia.

Dato' Ami Moris, Executive Chair of Cypark Resources Berhad, expressed her pride in this achievement:

"We view our inclusion in the FTSE4Good Bursa Malaysia Index as a testament to the integrity, transparency, and forward-thinking approach we espouse at Cypark. We have worked very hard on our corporate governance and company efficiency measures and are proud of our accomplishment."

The FTSE4Good Bursa Malaysia Index was established in collaboration with FTSE Russell and Bursa Malaysia to measure the performance of companies demonstrating strong ESG practices. It serves as a valuable reference for institutional investors seeking investments aligned with global ESG standards. Inclusion in the index is based on rigorous, globally recognized criteria and is reviewed semi-annually.

Cypark's inclusion highlights its ongoing commitment to driving sustainable growth and operational excellence. The company's initiatives, including innovative renewable energy solutions and waste-to-energy facilities, showcase its alignment with Malaysia's broader sustainability goals.

Dato' Ami Moris also extended her gratitude:

"A great thank you goes out to Bursa Malaysia for taking on this responsibility to showcase Malaysian-listed companies who go above and beyond. And, of course, to Team Cypark, for working tirelessly to deliver on our commitments and to build a strong, well-governed organisation."

This milestone reinforces Cypark's role as a leader in renewable energy and sustainability, inspiring continued efforts to meet and exceed the expectations of stakeholders and the environment.

**About FTSE4Good Bursa Malaysia Index**

The FTSE4Good Bursa Malaysia Index measures the performance of public-listed companies with good liquidity and strong ESG practices. The F4GBM Index constituents are drawn from the FTSE Bursa Malaysia EMAS Index and reviewed semi-annually by FTSE Russell using globally recognized ESG ratings methodologies. Since its inception in 2014, the index has driven improvements in ESG transparency and practices among Malaysian companies.

About Cypark Resources Berhad

Cypark Resources Berhad is Malaysia's leading renewable energy company, with a focus on solar, biogas, and waste-to-energy solutions. With 400 MW of capacity installed, Cypark is committed to transforming energy responsibly and advancing Malaysia's sustainable development goals. (www.cypark.com)
